

## **Bedtime Stories to hit the boards on February 5, 2009.**

11 January 2009

Rehearsals are well underway for ACT VIII's next production, Norm Foster's "Bedtime Stories". The first amateur company west of British Columbia to launch this show, ACT VIII pursued the rights for the play, anxious to include this new Foster in the 2008-2009 "Sexy Season". Of course, "sexy" is relative. While this show includes mature content which is appropriate for 16 years and older, Foster never crosses the line, treating his subject matter with humour and respect.

"Bedtime Stories" is the ACT VIII entry in the Western Ontario Drama League festival. Adjudication by Sandy MacDonald will be on Friday, February 6 with public comments immediately after the show and a private adjudication following. Past entries by ACT have garnered numerous nominations and awards for acting, directing, lighting, etc. and "Bedtime Stories" promises to continue with the same quality of production as in the past.

The Meet and Greet, generally held on Opening Night, will be held on Saturday, February 7 to accommodate the Friday night adjudication.
