

Major Awards for "Twigs"

March 19, 2005

At the Awards Dinner winding up this year's ODL Festival in London, Ontario, Pre-Festival awards were presented by adjudicator Brian Van Norman to this season's winners. ACT was honoured with two major awards for its production of "Twigs": the Audrey Vale Memorial Award for Outstanding Performance by an Actress in a Major Role went to Barbara Warnock for her remarkable portrayal of four distinct characters, and the Anne Reaume & Mark Mooney sponsored award for Outstanding Direction was given to Ron Sawyer. ACT congratulates these winners and everyone who helped make this very challenging play a great success.
